

Q. Can you tell me a little about the creation process?

A. The Process is pretty simple. You can send us your requirements by filling out the Mural Quote Request Form. Once we receive this, we will study your brief and revert back to you with questions if any. We will then prepare a cost estimate based on the information you have given us. We can visit your location if required if you feel the we need to do so. Your brief should be as detailed as possible, in order for us to give a proper cost estimate.

Once you approve the cost we will do some mock up sketches based on any ideas discussed, then, once the sketches are approved, we begin drawing the image out by hand on the wall, . Then we start painting! GulfMurals use emulsion colours, and use brushes to apply the paint to the walls, using as many coats as are needed to create a good quality superior finish. This provides a very durable surface and a long lasting Mural that you and your family can enjoy for years.
